E Lent 3 Grammar notes

More about the words "Quel*" "Lequel*"

- These words were studied in F Mich 7 as **question words**:

Quel* NOM	*préfères-tu?*	**WHICH?WHAT?** + NOUN	*Quel* NOM est-ce que*	*tu préfères?*
Lequel*	*veux-tu?*	**WHICH ONE(S)?**	*Lequel* est-ce que*	*tu veux?*

* *quel/quelle/quels/quelles* agrees with the noun it refers to
* *lequel/laquelle/lesquels/lesquelles* agrees with the noun it refers to

- Another important use of **QUEL*** is to make **exclamations** of the sort : *"What a ...!"*. The word "**a**" is not translated:

  - *Quel dommage!* *Quelle jolie cravate!*
    Quelle journée! *Quelles vacances!*

- Another important use of **LEQUEL*** is **to translate the word "which" after a preposition.** As French cannot end a phrase on a preposition (*"the table with crumbs under"*), the word order has to be rejigged to achieve a "**preposition + which**" type phrase ("*the table UNDER WHICH there are crumbs*"). LEQUEL* has to agree as usual with the noun it refers to. If people are referred to, QUI is used and not LEQUEL*:

  - *la table sous LAQUELLE il y a des miettes*
    les chaises sur LESQUELLES nous allons nous asseoir
    le stylo avec LEQUEL je préfère écrire
    les garçons avec QUI je joue aux échecs

REVISION: demonstrative adjectives/pronouns

- **DEMONSTRATIVE ADJECTIVES** are:

  - **ce (cet*)** **cette** **ces** **ces**

- **DEMONSTRATIVE PRONOUNS are**
  - **celui** **celle** **ceux** **celles**

- Revise from E Mich 1 how to add **"-ci" or "-là"**

- Revise from E Mich 1 how the **PRONOUNS cannot be used on their own.**
